

How a Global Consulting Giant Enabled Smarter Workplace for 32,000 Employees with WorkInSync?

Client Snapshot

A global consulting services giant with 32,000 employees, managing 8,000 shared desks and 300 meeting rooms across 25 offices. The challenge? Balancing scale, flexibility, and control while keeping employees productive and engaged.

Implementation Overview

The client turned to WorkInSync to bring order, simplicity, and intelligence to its workplace. Key solutions included:

Meeting Room Management:
300 rooms digitized with booking transfer capabilities, SPOC-controlled access, and executive workflows.

Visitor Management:
Over 500 visitors and contractors managed through a secure, digital VMS every single day!

Billing Intelligence:
Line-of-service tracking with project codes for seamless cost center reallocation.

Employee Portal Widget:
An API integration delivering real-time room and desk availability at employees' fingertips.

Transformational Highlights

WorkInSync didn't just digitize processes; It redefined the workplace experience.

- 01 **Smarter Collaboration:** Booking ownership transfers and simplified workflows enabled executive assistants to collaborate without friction.
- 02 **Controlled Access:** Special permissions ensured that the right people had access to the right space at the right time.
- 03 **Cost Transparency:** Every booking is tied to project codes, giving finance teams complete clarity.
- 04 **Always-On Visibility:** A live widget turned the employee portal into a one-stop workplace hub.
- 05 **Future-Ready Flexibility:** With 8,000 desks and 32,000 employees in sync, the workplace became agile, efficient, and resilient.

Strategic Outcomes

- 01 Successfully tackled a 1:4 desk-to-employee ratio through smart employee scheduling.
- 02 Optimized desk & room utilization across thousands of shared resources.
- 03 Enabled seamless processes for executive assistants, partners, and contractors.
- 04 Employee experience uplift, with faster bookings, smoother access, and reduced admin work.
- 05 Finance teams empowered with transparent billing and reallocation tied to cost centers.

Key Takeaways

25 offices connected into one unified workplace ecosystem.

Real-time visibility for smarter, faster, better decisions.

A hybrid workforce enabled with agility at scale.
